

EXCITING IMPROVEMENTS HAPPENING AT TIPTON COUNTY PUBLIC LIBRARY

The library is renovating our facility and building a library for the future. This renovation will allow us to have a library that better serves our community.

Building Upgrades:

- Two small group/study rooms and a room for teens
- One large conference room with seating for fifteen people
- New furniture and re-carpeted public areas
- New seating areas for reading and working
- Updated shelving in public areas
- Relocation of the main service desk
- Makerspace for creative expression from papercrafts to 3D printing

What is the Need for this?

TCPL's current strategic plan makes visiting a comfortable space a priority. With this renovation, meeting spaces, new areas of comfortable seating throughout the library, and a collection that's designed for browsing are just some of the features being created to connect the library to its community.

To learn more about the library's strategic priorities through 2025, view our strategic plan at the website below.

TCPL Renovation FAQs

Timeline: The renovation process is expected to take about 12 weeks to complete.

Collection Relocation: Collections will be relocated during the renovation. After construction, items will be displayed in a format that's easier to browse. Signage will be updated as needed throughout the renovation. Staff is always available to help patrons.

Computer Use: Computers will be available throughout the renovation.

Funding: TCPL is funding this project with its own cash reserves. Donations are always accepted and appreciated!

Programming: Programming will continue throughout the renovation.

Closures: TCPL is not planning on closing during the renovation. If needed the Meeting Room will serve as a "mini library" with popular services and new items available.
